

# THE SMART MANAGEMENT SYSTEM FOR YOUR CONTENT: ACHTUNG! CONTENT DASHBOARDS

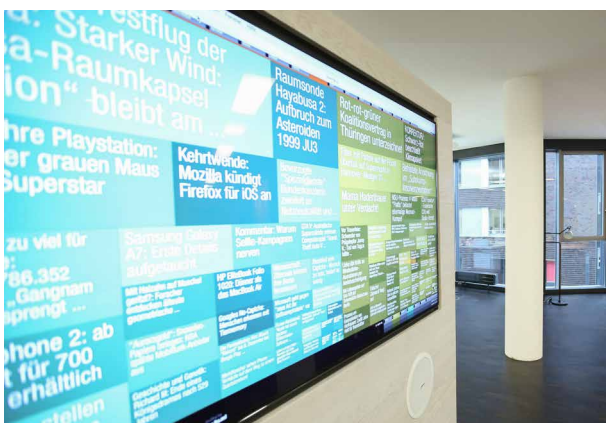

## SIMPLIFY YOUR CONTENT MANAGEMENT – SAVE TIME AND MONEY.

➤ Distributing content within an enterprise can be a complicated task requiring multiple layers of authorization. And things often get even trickier when it comes to international distribution. These work flows are time-consuming and costly. But the good news is, it doesn't have to be that way!

Our **CONTENT DASHBOARDS** provide a modern, comfortable and efficient content distribution solution. This tool enables project participants to access and manage internal communications content through an online interface around the clock and from anywhere in the world.

- Access all of your marketing content from a central data repository
- Make content accessible to all project participants
- Enable anyone to access and edit documents at any time
- We offer comprehensive, hands-on training to ensure you get the most out of this tool

Are you ready to get started? Let's develop a package tailored to your needs today! Just send your message to [services@achtung.de](mailto:services@achtung.de)
