

THE BOOT CAMP FOR ADVANCED LEARNERS: ACHTUNG! SEO WORKSHOP FOR PROFESSIONALS

JOIN US TOGETHER WITH YOUR PROJECT PARTNERS AND BECOME AN EXPERT IN SEO

➤ Would you be willing to guarantee that the technology powering your search engine optimized website is truly stable? Are you sure that you are using the very latest SEO tools? If you want your website to rank high on Google Search, you'll need to know more than the basics. Become an SEO expert at our Boot Camp for Advanced Learners.

Find out about all the **latest developments in search engine optimization** at this intensive workshop. Build on your prior knowledge and **learn the best tips and tricks from the professionals.**

Find out what search engine ranking factors matter for your website, which tools our SEO experts recommend, what you need to change before you relaunch your website and lots more.

- We will teach you the most important techniques of search engine optimization – and if you like we'll do this together with your IT service provider
- We will give you detailed insights into the key factors that determine your search ranking and highlight the factors that are trending now
- We will show you how to avoid the most common SEO mistakes
- We will introduce you to the best SEO tools around and show you how to lighten your workload

Are you ready to get started? Let's develop a package tailored to your needs today! Just send your message to services@achtung.de
